TESTIMONIALS

Affordable. Value for money. Dependable. I couldn't find these attributes in other coaching centres. My exam was in 1.5 months. I was scared, so I called sir. He asked me to go through the trailer video lectures. I loved them and enrolled for the program. When I completed the video lectures, I realised that my previous coaching centre didn't cover 70 percent of the portion. I was utterly disappointed by their unprofessionalism and callousness. I would only suggest others to go through the trailer video lectures and see it for themselves as I want others to put their money with some reliable person and according to me, I can't think of anyone else but somil sir.

This course is an amazing package for the people who are preparing for their GRE or GMAT exam as the tutor is not only vastly knowledgeable but also very well knows how to deliver the concepts in a way that it becomes easier for the students to grasp. Here are my experience and the way it helped me in my preparation 1. My mathematical calculations got a boost up with the Bps & tricks so provided during the lessons as the tutor focuses to minimise the use of calculator among his students. He actually prepares students to solve 20 calculation based questions in just 5 minutes. 2. He quickly adapts to meet the level of the student even if u r standing at the basics. 3. I am greatly impressed and thankful for the material so provided.

-Riya Shetty

Very much satisfied with the content provided to the students at a very reasonable price than other renowned institutes. The method in which the concepts are delivered is truly amazing. Certain concepts are repeated at the same time so that it gets deeply ingrained in student's mind. Concepts are supported with lot of solved examples that helps understand the concepts even better.
