TESTIMONIALS

Affordable. Value for money. Dependable. I couldn't find these attributes in other coaching centres. My exam was in 1.5 months. I was scared, so I called sir. He asked me to go through the trailer video lectures. I loved them and enrolled for the program. When I completed the video lectures, I realised that my previous coaching centre didn't cover 70 percent of the portion. I was utterly disappointed by their unprofessionalism and callousness. I would only suggest others to go through the trailer video lectures and see it for themselves as I want others to put their money with some reliable person and according to me, I can't think of anyone else but somil sir.

-Manthan Barot

Incredibly awesome course. Everything is so elaborately and concisely explained that it leaves no room for doubt. Right to the point without wasting even a second of students' time. Very highly recommended!

-Aariz Shaikh

The videos are shot pretty well. QDS Pro also provided complementary study material and worksheets for practice which helped me lot during my preparation. This course package is enough for your entire preparation, nothing else needed.

-Aarya Chetwani

Really happy of investing money in this course. Not a bit of regret. The use of actual white board gives a feel as if the teacher is directly speaking to you and it kind of helps. It is no less than a classroom coaching as the entire feel is the same, at the same time since it is self paced course, so you can study at your own time and speed.
